

# BMW E36 3-Series Performance Air Intake

Carbon fiber air intake system for 1992-1999 BMW 3-Series models

Give your 1992-1999 3-series BMW a performance boost with our carbon fiber air intake and high flow filter assembly. The reduced air restriction and improved flow dynamics afforded by the system's design provide noticeable improvements in power and all around driveability when you need it most. Light, incredibly strong, and beautifully finished. The perfect performance enhancement for your BMW.

## FEATURES:

- Increases horsepower and torque
- Improves throttle response and fuel efficiency
- Maintains factory emissions components
- Fits vehicles with both US spec or Ellipsoid headlights
- Unique thermal barrier composite construction ensures low inlet temperatures.

## PERFORMANCE:

- Power increase: 8-12 hp
- Torque increase: 8-10 lb/ft

## APPLICATIONS:

- All 1992-1999 6 cylinder 3 Series models (including North American M3)
- All 1996-1999 4 Cylinder 3 Series models

## RETAIL PRICE:

\$299.00
