BMW E46 3-Series **Performance Air Intake**

Carbon fiber air intake system for 1999-2005 BMW 3-Series models

Our performance carbon fiber intake system extracts the most from BMW's legendary inline-6. Featuring a carbon fiber induction tract to keep inlet temperatures down, the intake has been profiled to optimize airflow volume and velocity into the throttle body. The result is sharper throttle response, smoother power delivery and a flatter torque curve.

FEATURES:

- Increases horsepower and torque
- Improves throttle response and fuel efficiency
- Maintains factory emissions components
- Fits vehicles with halogen, xenon, or bi-xenon headlights
- Unique thermal barrier composite construction ensures low inlet temperatures.

PERFORMANCE:

- Power increase: 9-12 hp
- Torque increase: 8-12 lb/ft

APPLICATIONS:

- All 1999-2005 6-cylinder 3 Series models (Excluding M3)

RETAIL PRICE:

$339.00
